DETAILED ACTION

1. The request filed on 9/2/03 for Continued Examination (RCE) based on parent Application No. 09/390937 is acceptable and an RCE has been established. An action on the RCE follows.

2. The rejections of the previous office action are withdrawn in view of applicant's amendments.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 4 recites the limitation "the second remote location" in lines 10 and 11.

They are referring to the financial institution according to the interview of 9/25/03, but the language "the second remote location " has insufficient antecedent basis.

Allowable Subject Matter

- 3. Claims 20, 32 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
- 4. Claims 2-8, and 29 are allowed.
- 5. The following is an examiner's statement of reasons for allowance:

As per Claim 4.

The prior art of record, specifically Crooks ('671) or Chasek ('442) in view of Thompson ('174) or Frew ('632) do not disclose or fairly teach:

determining an amount after receiving the utility reading and transmitting the amount directly to a financial institution after determining the amount, the amount being transmitted to the financial institution across a second transmission medium, wherein the financial institution is arranged to effect a payment of the amount by the customer.

As per Claim 20.

Application/Control Number: 09/390,937

· Art Unit: 3629

The prior art of record, specifically Crooks ('671) or Chasek ('442) in view of Thompson ('174) or Frew ('632) do not disclose or fairly teach:

a processing center arranged to receive a measure of the utility from the utility metering mechanism and calculate a price from the measure of usage, the processing center being arranged to directly effect a credit transaction or a debit transaction associated with the price, whereby said utility usage transaction is processed automatically.

Claims that depend from the above are allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
